After running the cables through the power source I plugged my TRS plug into an additional FosPower TRS to TRRS adapter, knowing that macs don't accept TRS audio jacks.. I don't believe there is anything wrong with the mic as I had also bought and hooked up a phantom power source.. After recently buying a Neewer NW-700 and setting it up, I plugged it into my what I believe to be a 2012 or 2013 model of the Mac Book Pro, only to see that it was received as headphones and under the output tab of my sound preferences.. 1 out of 5 stars 790 \$23 99 \$ 23 Olixar Web Camera with Microphone for PC - Crystal Clear Audio, HD Webcam - USB Plug In - Easy to Use - Compatible with Computer, Laptop, Desktop, Mac, PC..
